

HySorb® Advanced Odor Control

Advanced Odor Control Superabsorbent Polymer

A new quality of life for an aging generation

Main Application: Adult Care
Main Feature: Odor Prevention

HySorb® Odor Control is a superabsorbent polymer with outstanding product properties:

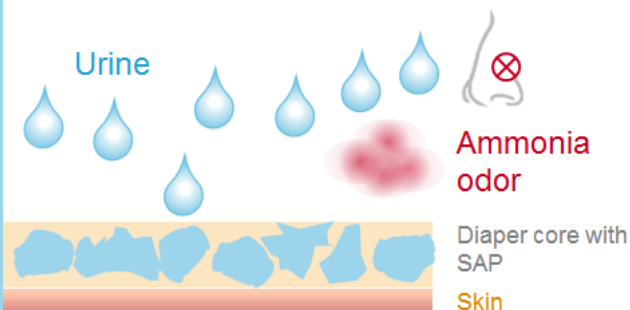

Urinary odor control	50% better odor prevention vs. current solutions ¹⁾
Long-term performance	Significant reduction of odor intensity after long wearing time ²⁾
Absorption capacity	Keeps the skin dry and healthy, while maintaining its natural pH

¹⁾ Ammonia formation tests BASF

²⁾ HUT (home-use-test) at a retirement home in Germany

HySorb® Odor Control effectively delays the formation of urinary ammonia odor for an extended period of time³⁾

SAP without Odor Control

Ammonia odor develops from decomposition of urine.

HySorb® Odor Control

HySorb® Odor Control delays the formation of ammonia.

³⁾ Proven with diaper prototypes in lab tests and home-use-test
